SMOKING

UNSW is a smoke-free campus and as such smoking is not allowed on any part of the premises, the building or common property. At no time can you cover, tamper, interfere or obstruct smoke detectors in your room or on the premises.

ACCESSING YOUR ROOM
We respect your privacy and will always make every effort to give you forewarning if entry to your room is required for maintenance, cleaning or some other matter. Staff hold a master key for use in case of emergencies.
You’re responsible for securing your own room and possessions, and must organise any insurance in that regard. The Student Accommodation office is not responsible for lost, stolen or damaged property.

LOCKOUTS
When you check-in to your apartment, you’ll be issued with a key or security access card. It’s your responsibility to carry your key with you at all times and to keep it secure. If you lose your key, you’re jeopardising the safety and security of not only yourself, but others who live in your apartment complex.

SECURITY
ALWAYS CARRY YOUR ACCESS CARD OR KEY WITH YOU AT ALL TIMES, LOCK YOUR DOORS AND WINDOWS WHEN YOU LEAVE AND BE MINDFUL OF LETTING STRANGERS INTO YOUR APARTMENT COMPLEX.

If you lose or misplace your key, you must report this immediately to the Student Accommodation office and a fee will be charged.
If you accidentally lock yourself out during office hours, you can borrow a spare key from the Student Accommodation office for a limited period of time to access your apartment and retrieve your key (if it’s locked inside).
If you’re locked out of office hours, contact Security on 9385 6666, however a fee will be charged.

LOST, STOLEN OR DAMAGED CARDS OR KEYS
For security purposes, when a key is lost, the lock will be replaced. This prevents a person who comes into possession of a lost key subsequently gaining access. You’ll be charged a fee for a replacement lock.

When an ID card or room swipe card is lost or damaged, the replacement charge will be $25 (inc. GST). These charges are payable immediately.

PERIMETER SECURITY
There’s an intercom system that guests may use to contact residents in their apartments who can then let them into the building.
If there are any breaches to perimeter security, for example, letting in a stranger or unaccompanied guest, leaving a door ajar or propped open or giving your access card/key to someone, disciplinary action will apply.
Allowing strangers into the secured residential area poses a significant risk to those who reside in the building, so it’s advisable to not give access to anyone who may be waiting outside the building.
EMERGENCIES

FOR LIFE THREATENING EMERGENCIES, ALWAYS CALL 000 (FIRE/AMBULANCE/POLICE) IN THE FIRST INSTANCE. YOU SHOULD ALSO MAKE SURE YOU PROVIDE OUR OFFICE WITH AN EMERGENCY CONTACT NAME AND DETAILS.

FIRES
All apartments are fitted with fire alarms and it’s against the law to tamper with or cover an alarm. During fire drills, everyone must evacuate the building. Penalties will apply to anyone who fails to evacuate.

What happens if there’s a fire?
• Report the incident immediately to the Student Accommodation office during office hours and to Security outside of office hours.
• Raise the alarm and evacuate the building. Follow instructions as per evacuation procedures located behind the front door of your apartment.

You’re responsible and liable to pay for the cost of any false fire alarm attendances triggered by you or your guests.

HAZARDOUS SITUATIONS
UNSW has a hazard and incident reporting and investigation procedure, designed to identify potential hazards to health, safety and the environment and to encourage early reporting and corrective action.

ROOM INSPECTIONS AND MAINTENANCE

ROOM INSPECTIONS
After you check in, you’ll need to complete a room inspection.

It’s really important you do this so you can record the condition of the room and make sure everything is okay. It also ensures you won’t be charged for any damages if they were present prior to your arrival.

MAINTENANCE REQUEST
Please report any issues as soon as possible by submitting a request via the Residents Portal:
portal.rc.unsw.edu.au/residents

Please don’t assume someone else has/will report a problem.

Requests are prioritised according to their level of urgency (you can also check on the status of a request via the portal).

ONLINE RESIDENT PORTAL
If you have problems logging in, you might need to reset your password via the UNSW Identity Manager.

HOW TO COMPLETE YOUR ROOM INSPECTION

1. Use your zID and zPass to log in to the Residents Portal: portal.rc.unsw.edu.au/residents

2. Click Inventory on the top navigation bar.

3. The Inventory Module will display any inspections you need to complete.

4. Click on the area that you want to complete (a) and then click Review (b).

5. If you disagree with an item, enter text in the Review Comment box. If you agree the current condition is acceptable, tick Agree.
